

Williams Fasteners has two million pounds of standard product in stock, available for immediate delivery. Our fully trained sales staff are able to assist you in any of your fastener requirements, as they have an understanding of customer demands. If they cannot find a solution they have access to a database of information and expertise that can aid them in helping you.

In addition to our standard stock items, we have an engineering and specials department where we are able to offer a bespoke service. We have the expertise to be able to provide any specialist fasteners together with full certification, if required, whether it is size, material, quantity or to drawing. This means that whatever you want, we can supply!

We offer many recognised trade names including Rawlplug; Unbrako; Nordlock; Lindapter; Liebig; Spax; Beamclamp & Philidas. Besides the normal fixings, that is nuts, bolts, screws & washers etc. we also offer many allied products including Klingspor Abrasives; Brook Cutting Tools; Goliath Threading Tools; Bondloc Adhesives; Rhodia Sealants and a full complement of hand tools.

If we have not got an item in stock, we have access to the suppliers where we can provide delivery direct next day. Our trade counter is open Monday to Friday 08:00 am to 05:00 pm and Saturday 08:00 am to 12:00 am.

Our representatives are eager to meet you and help to resolve any fastener problems you may have – we have the expertise to assist your business. We can provide serviced and managed consignment stock. In addition, we can ensure that we hold a supply of your contracted requirements so as to ease the pressure on your warehouse. Through a partnership, Williams Fasteners can offer you a reduction in your supplier base, and at the same time give you peace of mind that stock is available at your request.
